

What we do because we are passionate about it

The goals of this Master of Arts in Education is to offer a graduate level qualification that enhances the professionals at the upper levels of the academic structure at the secondary and post-secondary education.

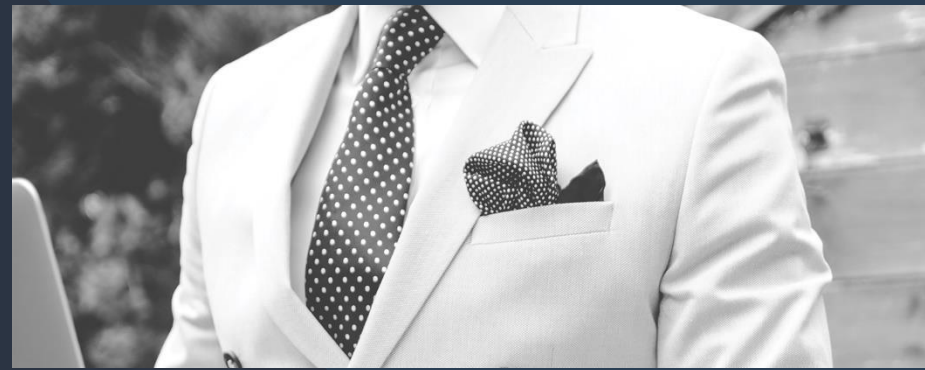

The masters of Arts in Education will create a variety of pathways for teachers preparing A'Levels and CAPE at the secondary levels, and to aid teachers offering instructions at the tertiary level of training.

01. Offering a curriculum that will be attractive to potential students and employers in the wider educational sector in terms of advanced academic study and professional development
02. Strengthening the academic rigor of masters studies in Education in professionally relevant ways
03. Offering a qualification that provides a clear path to Doctoral Studies in Education
04. Marketing the programme to potential students and employers; nationally, regionally, and internationally.

One College Many Opportunities

The Faculty of Education and Management
Helping with anyone of yours
Education needs

The Faculty of Education (FOE) is the natural successor to the Passley Gardens Teachers' College (PGTC). The FOE recently underwent a name change to Faculty of Education and Management (F.O.E.M). It is mandated to prepare students for service in the field of Education, Hospitality and Tourism Management and Business Studies, catering especially to those in Eastern Jamaica. Consistent with CASE's mission, the Faculty's intention is to prepare and develop individuals who are professionally qualified, articulate, culturally aware, environmentally and health conscious, morally sensitive, ethically motivated and service oriented; and in so doing respond to the needs of Jamaica for persons dedicated to excellence and to increase productivity in their chosen fields. Members of faculty also serve the community in a myriad of outreach roles.

The Faculty of Education and Management carries out its core functions through two departments:
